**NOTICE OF DRAFT RESOLUTIONS
(Pursuant to PU Code § 311(g))**

Pursuant to Public Utilities Code § 399.8, directs Pacific Gas and Electric Company, Southern California Edison Company, and San Diego Gas and Electric Company to collect monies from customers to fund investments in energy efficiency, renewable energy, and research, development and demonstration projects

A draft resolution of the Energy Division as Public Utilities (PU) Code § 399.8 requires the three major California investor owned electric utilities to assess a Public Goods Charge (PGC) to customers in order to fund certain public interest programs. It specifies that, starting January 1, 2002, \$425.5 million is to be provided to these programs each year until January 1, 2012. However, § 399.8 does not specify how much of this annual total is to be allocated among the utilities except for the Energy Efficiency (EE) programs.

Opening comments are due on November 4, 2002 and reply comments are due on November 12, 2002. Both opening and reply comments are limited to five pages. Copies of the resolution can be obtained by contacting:
